Anas Mahmoud Ali

Senior Graphic Designer, Creative Visual Problem Solver

Egypt | (+20) 1097980606 | anassmahmoud25@gmail.com | LinkedIn | My Portfolio

Summary

I am a qualified Senior Graphic Designer with five years of applied experience in illustration and graphic design, and a solid background in UI/UX Design. I craft original visual ideas that connect emotionally and drive action. My knowledge and study of design principles and typography help deliver the brand's message and mission to its target audience, driving effective call-to-action results.

Over these five years, I have gained strategic branding experience, starting from gathering insights and defining brand Features, Benefits, and Values, to positioning brands within competitive markets and repositioning when needed. I also focus on studying target audiences as a foundational step, shaping visuals, messaging, and emotional tone to create stronger audience engagement and conversion.

Additionally, I specialize in **AI-driven** campaign art direction and visual development. I generate full AI-powered campaigns based on curated mood boards, working with different models across both image and video formats. I develop advanced prompts including lens selection, lighting direction, camera angles, and composition, along with structured JSON prompts, negative prompts, and descriptive prompts to create highly realistic, brand-aligned visual outputs. AI tools have become an integral part of my creative production workflow, enabling efficient and scalable campaign creation while maintaining strong visual storytelling and brand consistency.

.Education

Alexandria University
Faculty of Business, Accounting Section - English Department | June 2019: 2023
GPA: 2.78/4.0

Experience

Senior Graphic Designer, Creative AI Generator | My Little Home - KSA | Sep. 2025: Present

. **My Little Home KSA:** (I lead the brand's visual development across digital channels, with a primary focus on product imagery, website visuals, and AI-driven campaigns. I successfully developed and launched nine full AI-generated campaigns, utilizing AI tools, particularly Magnific Space, to create complete lifestyle visuals aligned with the brand's identity and storytelling approach.

In addition, I created and directed 7 comprehensive mood boards that guided the visual direction for upcoming campaigns, which are currently in production and the shooting phase for execution.)

:(Build a refreshed and more effective website UI, which contributed to shaping the new interface currently under development. Ensuring all visuals maintain consistency with the brand identity, lifestyle tone, and Saudi market expectations.)

Graphic Designer | NOVA | Jan. 2025: Jun. 2025 “Part-time”

. **Souq Nova:** (Direct visuals in social media designs)
. **Al-Wafaa & Sara:** (Direct the visuals in a manipulative design manner to mix between the product itself as a focal point and other elements based on the campaign message and target audience, “mother”)

Graphic Designer | Ana Media Hub - UAE | Oct 2024: Jan.2025 “Part-time”

· **Dr. Siba UAE:** (I have tried to be a visual storyteller by crafting minimalist yet evocative copy to humanize dentistry By visual contrast, designed hierarchy-driven ads)

. **K.7 UAE:** (Turns alloy engineering into covetable art, with visuals that resonate with people who love modified cars “customtype style” Reflective finishes and shadow contrasts highlight designs.)

Graphic Designer & UI-UX Designer | Boynar - USA | Oct 2023: Mar.2024 “Remotely- Part-time”

. **Boynar USA:** (My first entrance into the UI-UX design field, there is no contradiction between graphic design and UI-UX design. The mission is to guide the viewer's eyes through the design “ visual hierarchy”. How to deliver the message through your design too)
. **Boynar USA:** (As the lead designer of all the materials, I selected streetwear photos and created layouts with a deliberate visual hierarchy that made red and calls to action the focal points of each post. Established red as the brand’s primary color, based on the logo, signifying energy and rebellion, to define the visual identity of the business from the beginning to the end.

Graphic Designer | Nplanet | Sep 2023: Mar.2024

. **N Ads:** (I was the lead designer by developing the idea and supervising the execution stage with the Art Director and the Creative Director)

. **Talmeeh:** (Meme-style design posts combined with motivation and student “B TO C” attraction, more confident visual elements for teachers “B to B”)
. **NBricks:** (Abstract logo mark, which can much meaningful for customers)
. **NCMS:** (Monogram Logo, visual identity first uses negative space in the letter as it represents the ben ", which indicates to learn. And the color psychology between cyan & magenta reflects security, integrity.)

Graphic Designer | Media Cup| Oct 2022: Mar.2023

. **El-Shap Kazem** (Scroll-stopping contrast by modern typeface used consistently all over the design to be the Brand typeface, as it was the most appropriate one to be close to the target audience, Gen Z. The color scheme has been used to get a hungry feeling after the visual hierarchy is established.)

Graphic Designer | Freelance | Oct 2020: Present

. **VIDA:** (The entire social media campaign was executed from concept to final image by me, as Vida was an influencer marketing agency. The brand identity that existed at that time was beneficial to me at the execution level as well)
. **VIDA:** (Rebranding on the visual identity level “wordmark logo”, making the logo bolder than before, inspired by an iceberg taking the shape of the letter V, while I am doing visual feed)

. **Leader Gym:** (Social media designs, using the brand color palette because its color psychology was helpful in delivering the message)
. **Phuket Thai:** (Social media designs where I am trying to show the main Thai meals and dishes as the focal point)
. **Dyar:** (Combination mark logo to show up the message and the mission of the brand, which is a construction service company by the logo itself. Fully branding and stationary.)
. **Makask:** (Wordmark logo for an online clothes shop)
. **Rayhanna:** (Symbol logo for women's care center by using feminine, calm colors that reflect the brand message to the target audience)
. **Jameela:** (Emblem logo shows how pretty you are, I mean the Clint, reflecting what the brand exists for. I have used feminine colors and symbols through the logo, which helps to catch the customers faster)
. **Wael Bakr:** (An Arabic wordmark logo uses “tughraa” style type, which is an overlapping style between two words)

. **Easiest Life:** (Symbol logo online store that sells tools to make things easier, which is clear through the logo. Red color gives an action color, meaning an action feeling that will help in the buying process)
. **Abou El Khair Hony:** (I have made social media designs for a honey brand, through the visuals and the visual hierarchy I could deliver the message, we didn’t even need to put a TOV, and this was a good challenge for me)
. **Tafsir book:** (I have made a book cover for my first time, it was a challenge but it was successful)
